The screenshot shows the Cloudflare interface for the 'poc-kakeibo' project. The left sidebar contains navigation links, with 'Workers & Pages' highlighted by a red box and the number 1. The top navigation bar includes 'Deployments', 'Metrics', 'Custom domains', and 'Settings', with 'Settings' highlighted by a red box and the number 2. The main content area is titled 'Variables and Secrets' and includes a '+ Add' button highlighted by a red box and the number 4. A red box with the number 3 highlights the 'Variables and Secrets' link in the left sidebar. The 'Bindings' section contains a table with one entry: 'KV namespace' with name 'KAKEIBO_KV' and value 'KAKEIBO_KV'.
